## Vikan Interior Mop, 550 mm, Grey

Dust small spaces and hard-to-reach surfaces with the Vikan Interior Mop. When used dry, microfibres pick up dust, dirt and hair using static electricity. When damp, the mop loosens dirt and grease. Use for high-level cleaning with any telescopic handle from the Vikan microfibre range. All Vikan textiles are covered by a 500 Wash and Use Guarantee.

## **Technical Data**

Wash the products as soon as possible after use - to reduce the risk that dirt becomes ingrained with stains and odors as result.

First wash should be done at minimum 60 ° C and separately to avoid staining

Wash cloths and mops of various types separately, to avoid contaminating each other with lint.

Pre-rinse in cold water with frequent water change, no added chemicals - in order to remove any chemicals that can have been used for cleaning and may interfere with or cause a negative impact on the fabric at higher temperatures in the washing process

Use Dry or Damp
