

# Neptun SC1

## Sole cleaner with 2½ advantages

The sole cleaning machine Neptun SC1 (Sole Cleaner 1) combines 2½ important functions in compact space. The standard function enables wet cleaning of the soles of clogs, work shoes and boots. Dirt on top of the shoes can easily be washed off by the practical EasyClean function – a separate cleaning opening below the revolving brush.

The machine is to be preferred when boot cleaning is an exception. Bootlegs or plastic pants can be easily and effectively cleaned by means of the integrated handbrush. For this purpose, the handbrush is equipped with an individually controllable water inlet. Even better hygiene results can be achieved by adding disinfecting or cleaning detergents. The connected supply tube can be individually adjusted to control the quantity of fed cleaning detergent. A stable and easy-to-reach platform is used to store the detergent container.

The Neptun SC1 is quickly cleaned without any additional tools. The switch cabinet is to be arranged on the wall behind the equipment. In this way, the cabinet is located outside of the wet and dirt areas.

Technical data	Neptun SC1
Dimensions (W x D x H)	760 x 640 x 1220 mm
Weight	50 kg
Design	V2A 1.4301 (X5CrNi18-10), AISI 304
Type of brush	1 horizontal brush (sole and upper material), 1 handbrush
Water pressure recommended	3 bar
Water temperature	5-50 °C
Water flow rate	4 l/min
Mains connection	400 Volt, 0.18 kW, 50 Hz*
Control	Switch cabinet for wall mounting
IP protection class	IP 55

\*Special motor on request

Separate cleaning of sole and upper shoe

Storage grating for cleaning detergents

Quick-action bow sluice for easy cleaning

Hand brush cleaning

- ▶ For very dirty soles
- ▶ Robust nylon brushes
